

Garden Design & Landscaping Services

- ❖ Meet with the client on-site to view the property and discuss scope of project and client preferences. A deposit of \$125 is required to book this initial consultation.
- ❖ Take measurements and photographs of garden site
- ❖ Prepare an estimate. Once the estimate is approved, a down payment of 50% is required to create a design and start shopping for supplies, with the balance due upon installation.
- ❖ Prepare computer-assisted 2D design considering:
 - Light requirements - full sun (6 hrs. or more of sun per day), part sun/shade (2-6 hrs. of sun per day), shade (2 hrs. or less of sun per day)
 - Moisture requirements - dry, average, damp
 - Cold hardiness (micro climates)
 - Soil type
 - Plant spacing - based on mature plant size
- ❖ Discuss design with client. Any major changes to the design will be billed at the rate of \$125/hour. Minor modifications or changes in plant selection are included in the original estimate.
- ❖ Visit suppliers for selection of materials*
- ❖ Deliver materials
- ❖ Install materials - plants, edging, mulch, etc.
- ❖ Water newly planted garden
- ❖ Discuss care of garden with client
- ❖ Tidy site and bag waste to be picked up by The City of Calgary

**materials may vary slightly from original design based upon quality and availability of materials at the time of purchase*

Gardens that are overgrown with weeds and other plants will need to be tended to prior to installation. This is a separate service and should be discussed with Laura.

Note: plants are deemed to be healthy at the time of installation. No other warranties are implied.
